Serafim Lazuka

.Net developer

SUMMARY

I have 2 years of experience in software development, which involves analysis, design, implementation, testing and production support. Sound knowledge of .Net Framework, OOP concepts, version-control system Git. Good experience with Agile SCRUM development methodology. Worked with WPF application. Experienced in using XML related technologies like XSLT (templates), XPath. Able to work as a team player as well as individually. Highly organized, dedicated with a positive attitude along with the strong analytical and trouble shooting skills.

WORK EXPERIENCE

DEVELOPER AT EPAM SYSTEMS

08.2019 – 09.2021 - MINSK, BELARUS

Worked in an Agile team of .Net Developers for **Thomson Reuters**. Worked on Elite 3E Product UserTools: refactored, fixed bugs and implemented new features in a WPF application "Solution Manager" and XSLT-templates "STANDARD TEMPLATES". As a developer I was involved in a number of scrum activities such as daily scrum, sprint planning, grooming, demo sessions, hardenings.

In this position I gained experience of:

o   Teamwork;
o   analytical thinking;
o   problem-solving skills;
o   was involved in CI/CD process;
o   learned to use GIT Repository with UI extensions for the purpose of version control and source code maintenance needs;
o   gained experience with manual testing.

EDUCATION

BACHELOR – BELARUSIAN STATE UNIVERSITY

2016-2020 - MINSK, BELARUS

Mathematics (scientific-production activity) at Faculty of Mechanics and Mathematics.

KEY SKILLS

o   C#, .Net Framework, .Net Core
o   OOP concepts
o   Git version-control system
o   Programming

o   SQL
